

EMSO Conference: preparing for UN Decade of Ocean Science. Athens, Greece 12-14 February 2020

Call for abstracts

The conference is meant to encourage new cooperation, to draft new strategies and to give room to new ideas for the Oceans' sustainable management. The conference promotes multidisciplinary and cross-disciplinary approaches, collaborations among Research Infrastructures and Industries, and the Users engagement to respond to key scientific questions and societal mandate.

Join marine scientists and industry operators, come and discuss on present hot topics and global challenges, participate to outline the priorities for the next decade and to shaping EMSO supply to the stakeholders.

Send an abstract and present:

- Researches, plans and ideas
- collaborations among infrastructures, industry, users
- best practices on subjects related to the research infrastructures
- ongoing efforts of harmonisation ocean observing initiatives

Submit your abstracts (max 500 words) sending an e-mail with the name of the first author as subject to: EMSConference2020@emso-eu.org. In the email subject, you can propose also if you wish to give an oral or poster presentation. (email' subject: N.Surname – oral or poster presentation).

The Programme Committee shall make decisions and eventually change presentations as oral or poster presentations.

Acceptance of oral presentations/poster presentations will be sent to the e-mail addresses of sender.

Posters will be displayed on the boards in the afternoon of the 12th February 2020 and poster preparation rules will be placed soon on Conference web page.
